onehome™

By CoreLogic®

OneHome™ by CoreLogic® is the new client portal *(i.e., device responsive through the browser, not another app)* for RCO3®/Matrix™ that helps agents collaborate with clients and remain at the center of their home search.

OneHome™ has replaced the previous client portal *(as of December 5, 2022 @ 9pm)*. **Note: Although, the new user interface means no significant changes for MLS Subscribers, noteworthy enhancements apply to the client side of the application.**

OneHome ™ is available to your new clients by invitation only. It provides access to rich property data, neighborhood insights, location scores, school boundaries, and more!
