

DocBOX®

Access your Documents Everywhere on Anything

Access your documents anytime, anywhere

If you can get Internet access, you can access your files.

Easily & securely share documents

Easy to share documents with your assistant, team, clients or service providers.

Go mobile with DocBox2GO

You don't need to take your files or your computer, you can access them at www.DocBox2Go.com on your SmartPhone.

Unlimited storage

Save your most important files electronically at our secure location. Never worry about storage space or paper files again.

Toll free fax numbers

All faxing is toll free in and out of the system.

Updated Document Markup Editor

The markup tool lets you use a pencil, line, circle, highlight or sticky note to edit comments.

Document Slicing

Now you can slice and split any document into new documents.

Access your Documents Everywhere on Anything

Everything You Need in One Easy Solution

DocBox gives you the power to easily organize your listing, sale, lease and other business files.

Easy To Get Documents Into the System

Fax, upload, email or even "print" documents into the system.

Reduce Business Risk

The system records virtually all activity to automatically create an audit trail.

Branded Communications

All communications sent through DocBox can contain your contact information, broker logo and photo.

E-Signature Integration

Totally intergrated with Authentisign, our easy e-signature solution.

Off-Line Archiving

Transaction files and documents can be archived to an indexed PDF file. Files can easily be saved to a local drive and copied to CD or DVD.
